Principle projects and grants

The Stichting Henri Moerel provides grants to a number of organisations with which it has a long-term relationship, which allows these organisations to create and maintain multi-year programs. In addition, we support several individual musicians, also as part of a program of long-term relationships.

In 2025 grants were made to a music festival, a music education program and a CD production. The instruments owned are on long-term loans to individual musicians and organisations.

The Foundation will continue its program of support in 2025 and beyond.
